## Mouille 3 Pendant

The Mouille 3 Pendant is inspired by mid-century modern popular European design. The unique insect-like structure is actually crafted with the human body in mind, made to resemble the parts and joinery of a skeleton. The hallmarks of this designer's work can be found in the way the arms are matched to the diffusers, the specific hardware, the form of the reflectors and the refined lines of the steel tubing.

### Details

This premium Rove Concepts reproduction features:
