Rove Pavilion Coffee Table

The Rove Pavilion Coffee Table is a reproduction of the Barcelona Coffee Table designed in 1930 by the famed visionary, Mies van der Rohe. It features his characteristic emphasis on stylized structure. The geometric table features heavy duty glass and a smooth, crossover stainless steel frame. It is a pared-down, minimalist addition to any space but is especially stunning when matched with Rove Pavilion series seating.

Details

This premium Rove Concepts reproduction features:
